

Our Products

AI2 Foods specialises in four key categories spread over a repertoire of 300+ products that showcase the diversity and richness of Indian cuisine. Every product reflects our commitment to authenticity, quality, and consumer delight:

1. Commodities - Premium grains, pulses, and essential staples.
2. Snacks - Authentic South Indian favorites such as Mullu Muruku, crafted with tradition and innovation.
3. Frozen Foods - Products like Frozen Chinha Chiguru and Ice Apple, preserving seasonal delicacies at their freshest.
4. Chutney Powders - Aromatic spice blends that bring India's culinary heritage into every kitchen.

5 Masalas : Gram Masalas, Chicken Masalas, Mutton Masalas etc.
Infrastructure

Our facility is a benchmark for modern food production in India. This infrastructure allows us to deliver products that are not only authentic in flavour but also world-class in quality.

US FDA-approved and ISO 22000:2005-certified.
State-of-the-art machinery powered by automation.
Production capacity of 100 tons per day, ensuring consistency and scalability.

Stringent hygiene and safety standards, aligned with WHO protocols.
Quality Policy Quality is at the heart of everything we do Strict raw material selection with multi-level quality checks. FDA and international parameter-driven testing. Precision packaging ensuring freshness, safety, and shelf stability. Continuous improvement to meet evolving global demands.

Authentic Indian Inspiration

MYRESS FRIENDS FOODS PRIVATE LIMITED

Crafting India's Culinary Legacy for the World

About Us

At Myress Friends Foods Private Limited, we believe food is a bridge between cultures. Through our flagship brand AI2 Foods - Authentic Indian Inspiration, we are committed to taking the rich heritage of South Indian cuisine to the world with matchless quality, innovation, and consistency.

Our strength lies in our leadership team with vast collective experience in global food standards, brand positioning, and strategic growth. Guided by a clear vision, we have built an organisation that blends tradition with modern technology, ensuring every product reflects authenticity while meeting international benchmarks of quality and safety. With a portfolio spanning commodities, snacks, frozen foods, Chutny powders & Souses AI2 Foods has earned the trust of renowned clients across sectors. Our strong focus on quality-driven practices, price-conscious solutions, and global outlook, positions us as a trusted partner for international food exports.

Vision

To be a global front-runner in the food industry by introducing innovative, authentic, and sustainable Indian products to the world.

Mission

MYRESS – My Responsibility to Provide Quality and Natural Foods to the Nation and Beyond.

Global Presence

We currently export to the United States, with expansion underway into UK, Canada, Saudi Arabia, UAE, Australia, Malaysia, and Singapore. Our global journey is powered by strong partnerships, cultural authenticity, and a commitment to making Indian food a trusted global brand.

Growth Projections With an appreciable current turnover, we are on track to grow to ₹250 crore in the next five years, by expanding our exports across the US, UK, Canada, Saudi Arabia, UAE, Australia, Malaysia, and Singapore.
